

Coastal Bend Classic

Youth Livestock Clinics and Shows

Saturday, December 5, 2020

San Patricio County Fairgrounds, Sinton, Texas

What is the Coastal Bend Classic?

The Coastal Bend Classic (CBC) is an educational opportunity open to all interested youth and families in 4-H & FFA participating in livestock projects. The mission of the CBC is to teach the basic principles of livestock management as it relates to facility maintenance, nutrition, animal health, handling, showmanship, transportation, show preparation, and quality assurance.

Quality Counts, a livestock quality assurance program, is highlighted to ensure the safe and legal use of medications and feeds to facilitate the ethical care, development, and exhibition of livestock.

Parents and leaders are encouraged to remember that livestock projects (regardless of specie) are to be used as a tool in the process of teaching positive youth development.

Who is eligible to participate?

All 4-H and FFA members are invited to participate in the CBC.
