Sunglasses

Noah is 16 and he is involved in many different outdoor activities. Since he is outdoors as much as he can be, he needs good sun protection to protect his eyes. He enjoys baseball, hunting, fishing, and driving his truck around town. He needs sunglasses that will protect his eyes from harmful rays and that will also be good for many different activities. He doesn't want to spend over \$50.00 but he needs a pair of sunglasses that will stand up to his active lifestyle especially since he is not great at taking care of his things.

Tents

Brothers Ben and Riley are headed out on a camping trip this fall to Big Bend National Park. They will be hiking and camping for 4 days along the Rio Grande River. They are looking online for a tent that is very lightweight, since they will be needing to carry it up and down the trail. They have a budget of \$200.00 to spend on their tent.

Handsfree Bluetooth Car Kit

Larry has had his eye out for a new truck lately and wants certain bells and whistles to come with his new ride such as automatic windshield wipers, rear view camera, and a Handsfree Bluetooth kit so that he can utilize today's technology while driving. He would like it to be hands free and voice controlled along with good speakers. He would like to be able to link it to his phone to use his contacts, caller ID, and navigation. He is on a tight budget and needs the most economical choice with the most useful features.

Athletic Shoes

Penny is a long-distance runner, but she has recently started to teach cheerleading on the weekends. She needs to replace her long-distance running shoes with a shoe that will allow her to land jumps, go through cheer stunts and still go on her morning runs down her road. She needs a little more stability around her ankles. She values having a shoe to do both activities and keep to her tight budget.

Earbuds

Colby is wanting to purchase new earbuds before his family trip to Washington DC. He wants something that has a lot of battery life but is reasonably priced. His parents still want to be able to talk to him while his earbuds are in, so awareness mode is an important feature. He also heard it can be rainy in DC this time of year. He has a budget of \$200.

Class 6

Mystery- Reusable Water Bottles

Susan is a high school athlete who needs to make sure she is consuming water throughout the school day. Her school allows students to carry reusable water bottles. Susan needs a water jug that is easy to carry and will fit in her backpack. Her coach told her she needs to consume at least 40 ounces of water throughout the school day. She does not want to have to refill her water jug at school and wants her water to stay cold all day long. Susan prefers a flip top lid and wants to be able to put her water jug in the dishwasher. Her budget is \$70.
